MEMORANDUM

211 N. Main Street Plainwell, Michigan 49080 Phone: 269-685-6821

Fax: 269-685-7282

TO: Justin Lakamper, City Manager

FROM: Kevin Callahan, Director of Public Safety

DATE: December 4, 2025

SUBJECT: Purchase of Fire Gear

ACTION ITEM: I motion to approve the payment of \$9,036.00 to MES to purchase four sets of fire gear to replace existing gear that is at its end of usable service life.

BACKGROUND INFORMATION: NFPA Standards gives guidance on the lifespan and replacement criteria for turnout gear. Mandatory retirement of structural firefighting gear at ten (10) years from the date of manufacture, regardless of condition. Four (4) sets of fire gear have reached the 10-12 year mark and need to be replaced. Continuing to use gear beyond these limits exposes firefighters to increased risk of burns, carcinogen absorption, and mechanical injury, and places the City at liability risk. Firefighting environments have changed substantially in recent years. Modern structure fires burn hotter and faster due to synthetic materials and lightweight construction. Without reliable, compliant gear, firefighters face reduced thermal and moisture protection, increased exposure to carcinogens and contaminated particulates, equipment failures that may jeopardize rescue, suppression, and RIT operations, and the inability to meet best-practice standards for firefighter health and safety.

ANALYSIS: Replacing fire gear reduces liability, protects our firefighters, allows us to remain complaint with recommended safety standards.

BUDGET IMPACT: This is a budgeted item.

Reports & Communications:

A. DPS – Purchase of Fire Gear

NFPA Standards, which provide guidance on the lifespan and replacement criteria for turnout gear, call for mandatory retirement of structural firefighting gear at ten (10) years from the date of manufacture, regardless of condition. Four (4) sets of fire gear have reached the 10-12 year mark and need to be replaced. Replacing fire gear reduces liability, protects our firefighters, and allows us to remain complaint with recommended safety standards.

Recommended action: Consider approving the purchase of four (4) sets of fire gear from MES for \$9,036.00.

B. City – Mill Development Discussion

Council will discuss and review currently proposed development plans for the Mill Complex. **Recommended action:** Discussion.
