Vendors Please Note: If your booth is "informational" we suggest that you have an activity at your area. (Examples: games, drawings, balloons, handouts, ect.) This engages attendees and gives you an opportunity to speak with people who may otherwise pass your booth. We try to have a variety of these activities so that we do not have several booths performing the same activity, which would defeat the purpose of the activity and diminish the patron response you would receive. Therefore, please note in the line below what activity you are planning, and please have an alternative idea should you the second person to plan this activity. We will contact you should this happen.
